PROFILE

Motivated and detail-oriented Electronic Technician with over one year of hands-on experience and five months of on-the-job training. Backed by more than 8 years of specialized education in electronics. Eager to continuously learn and adapt to new technologies and methodologies. Seeking opportunities to leverage my skills and contribute to innovative projects. Known for strong problem-solving abilities, meticulous attention to detail, and a proactive approach to tackling technical challenges.

WORK EXPERIENCE

Nilaimas Services

2023-2024

Part-time Environmental Impact Assessor

- Conducted door-to-door surveys to inform residents about upcoming projects and their potential impact.
- Engaged with residents to collect their thoughts, comments, and concerns regarding the project.
- Analyzed collected data to identify common themes and concerns, providing valuable insights for project planning and community relations.

Disc One Electronics

2019-2021

Technical Sales Support

- Repaired and troubleshooted faulty products, followed by detailed service reports to document the work performed.
- Provided on-call and on-site technical support to promptly address customer issues and minimize downtime.
- Diagnosed and resolved customer problems, delivering comprehensive reports as per customer requests.
- Conducted thorough inspections and testing of products before sale to ensure quality and functionality.
- Presented new products to existing customers, highlighting features and benefits to drive interest and sales.

Malaysia Transformer Manufacturing Sdn Bhd

01/2019 - 05/2019

Intern Junior Tester

- Conducted quality inspections at three stages of the production process to ensure adherence to standards.
- Evaluated oil quality to maintain optimal performance and safety specifications.
- Analyzed test reports and accurately entered data into the system for comprehensive record-keeping and further analysis.
- Collaborated with buyer's inspectors and engineers to verify compliance with client specifications and address any discrepancies.
